

20x170 mm striker - round edges

Description

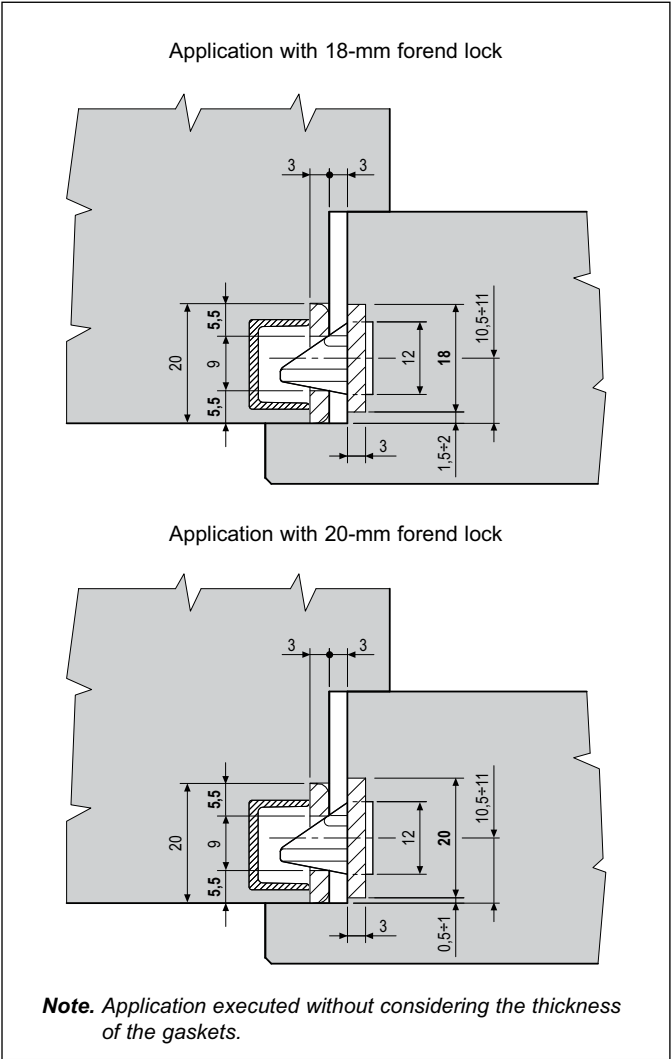

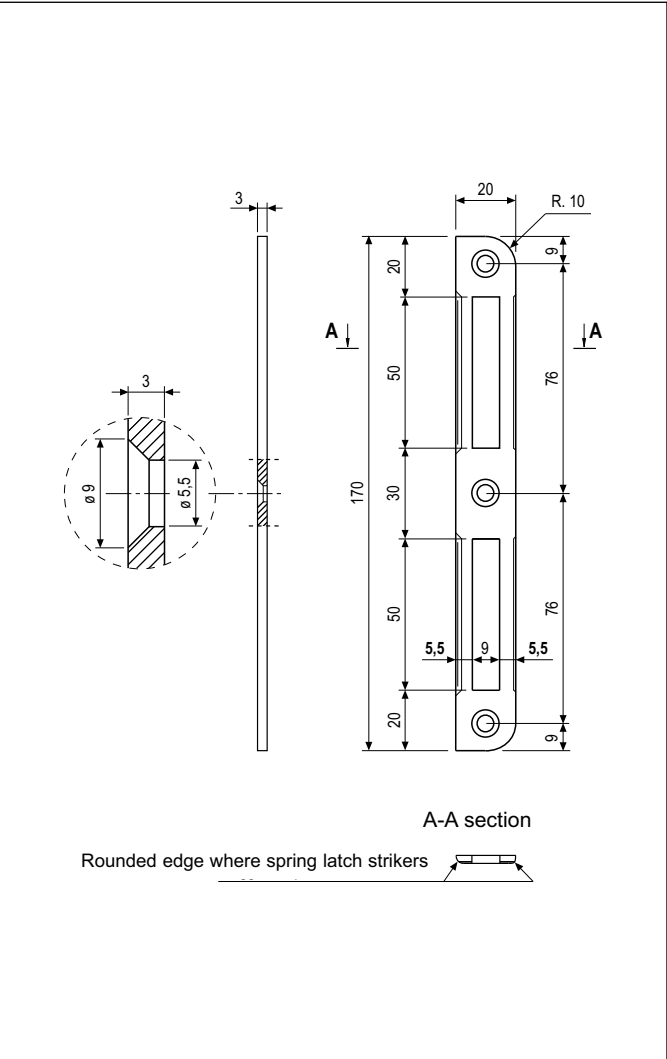

Steel striker with rounded end on inner side, square end on outer side, 20 mm wide, 170 mm long. The edge is bevelled where the spring latch strikers for easier and smoother closing of the door. Suitable for right and left-handed applications.

Use

Used in combination with all the Euro 72 lock versions with 18 and 20 mm forend, on interior rebated doors with timber frame.

Fastening

Mill the frame according to the dimensions shown in the diagram. Install the striker flush with the edge of the frame. Fasten with two 4,5x25 mm screws.
