

22x196 mm striker - round edges

Description

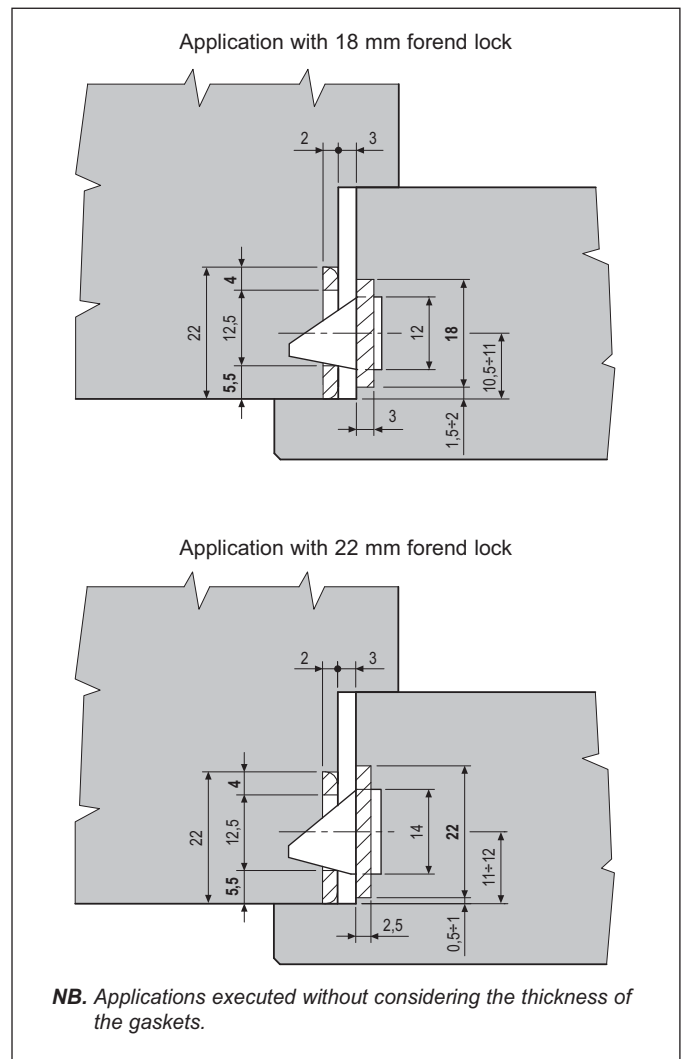

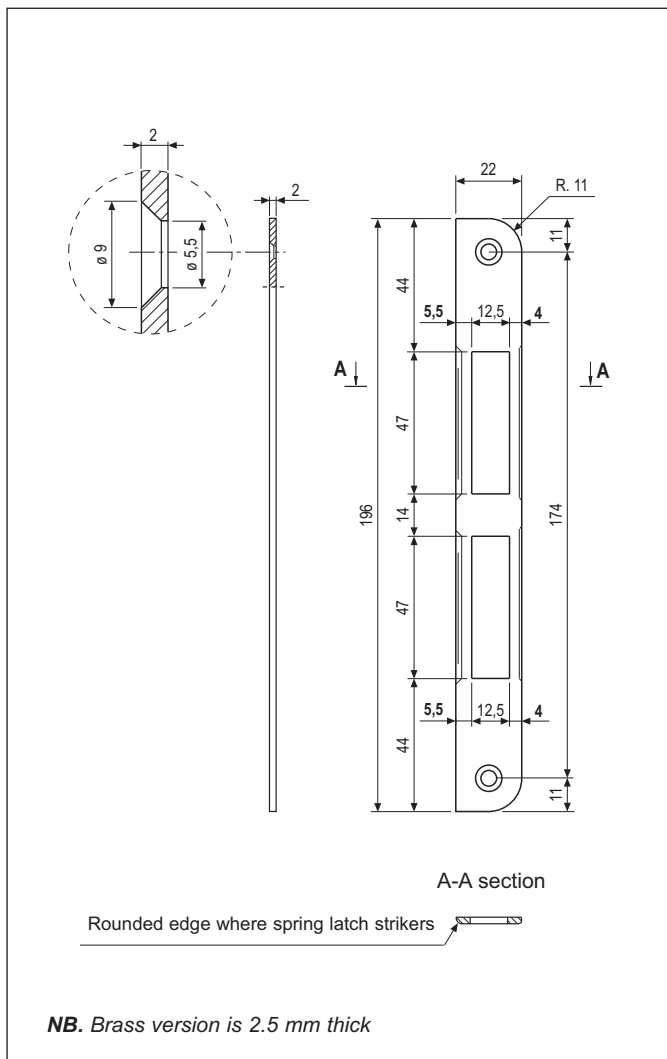

Steel or brass striker with rounded end on inner side, square end on outer side, 22 mm wide, 196 mm long. The edge is bevelled where the spring latch strikers for easier and smoother closing of the door. Suitable for both right and left-handed applications.

Selection & Application

Used in combination with Centro locks with spring latch and bolt, on rebated doors with timber frame.

Mounting

Mill the frame according to the dimensions shown in the diagram. Install the striker flush with the edge of the frame. Fasten with two 4x25 mm screws.
