

Round ends with bathroom lock, 78 mm centre, 20 mm forend

Description

Embedded lock with spring latch and bolt. 78 mm centre. 20 mm forend with round ends. With hub for 8 mm doorknob spindle. Single 55 mm backset. Made entirely of steel or with brass forend, spring latch and bolt. Reversible spring latch. Case with holes for handle installation using through screws.

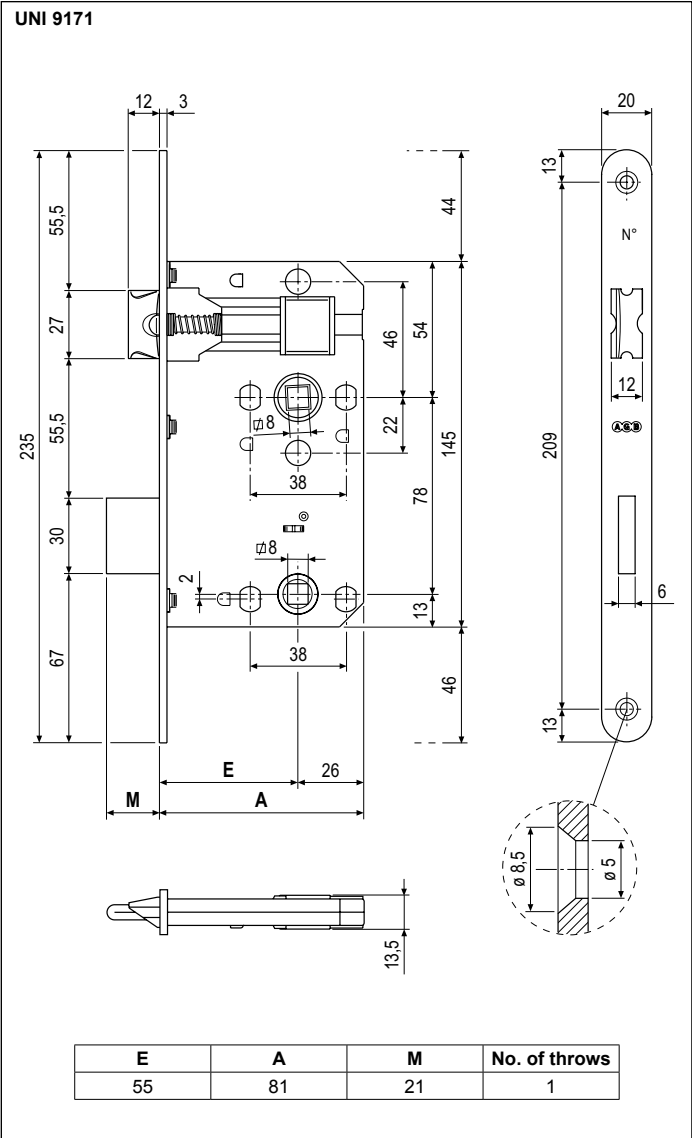

Application

For wooden bathroom doors.

Mounting

Prepare cutout and mill the panel according to the dimensions shown in the diagram. Secure the lock with two 4.5x25 mm screws. To reverse the spring latch, push it out of the forend by pushing with a screwdriver against the screw on the back, then rotate it.

NB. Each lock comes with a key. Special packagings with only one key differ inside are available on request for industrial applications. The striker, selected according to the construction type, must be ordered separately.
